

Dr. Adebola Dele-Michael and Radiance Skin Care Line
Published on October 24, 2014 Online Media Website

Radiance Skin Care is a new skincare line launched by dermatologist **Dr. Adebola Dele-Michael**. As a top health expert, Dr. Dele-Michael uses her knowledge to create products for consumers to use that provide effective care to the skin, all the while leaving it refreshed and rejuvenated.

Dr. Adebola Dele-Michael is a top dermatologist who works out of her **Radiant Skin Dermatology and Laser** practice. She provides many treatments like facial volume restoration, fillers, **hair removal** and Ultherapy. Dr. Dele-Michael's commitment to address her patients' concerns in a safe environment, with the best and latest technology, guarantees that her patients leave satisfied with their results. Her new skin care line provides patients and consumers alike an opportunity to enjoy products that will take care of all their skin care concerns.

The **Radiance Skin Care line** includes: the Radiance Sheer Physical Sunscreen, which has SPF 50+ coverage; the Radiance Eye Serum, good for wrinkles around the eyes and dark circles; the

Radiance Rejuvenating Cream, which exfoliates, increases moisture retention and reduces wrinkles and pore size; the Radiance Rejuvenating Pads reduce wrinkles, pore size, and oil; the Radiance Rejuvenating Cleanser reduces wrinkles, discoloration and sun damage; and the Radiance Gentle Cleanser, which is a gentle soap-free cleanser that is perfect for those with sensitive skin. These products include natural ingredients like green tea extracts that really help with the texture and elasticity of your skin.

You can purchase products from the Radiance **Skin Care** Line at Radiant Skin Dermatology and Laser located at 116 Central Park South, Suite 7. You can also get more information about the products, learn more about the procedures performed at the Radiant Skin Dermatology and Laser, and make an appointment by visiting www.radiantskinnyc.com.
