Dr. Adebola Dele-Michael Launches Radiance Skin Care

Top dermatologist and nationally recognized health expert Dr. Adebola Dele-Michael has launched a new anti-aging skin care line for all skin types and conditions called Radiance Skin Care.

Designed for men and women, the Radiance line includes Sheer Physical Sunscreen, Eye Serum, Rejuvenating Cleanser, Rejuvenating Cream, and Rejuvenating Pads. All products are sold at Radiant Skin Dermatology and Laser.

The eye serum, formulated with hyaluronic acid to plump the eye area, contains vitamins A,C, E, Co-Q10 and green tea extract. The Rejuvenating cleanser, which reduces wrinkles, discoloration and sun damage and is also great for acne-prone skin, contains 10% glycolic acid.
